Before Class: Please decide what you want to have embroidered on the baseball or softball. If you are proficient with manipulating lettering for your machine, you can digitize your own design prior to the class, or you can ask me to do it ahead of time, and I will bring the design to class to transfer to your USB stick. But we will not be taking class time to digitize the design for the ball. We need all the class time to disassemble, embroider, and reassemble the ball. I will email a template to you with suggestions of lettering, designs, placements, etc. I will need to know if you are bringing your own baseball/softball or if you prefer to buy one from me for cash the day of class. I will also need to know the circumference of the ball you will be embroidering, as well as what machine and file type you will be using.

My email is mary.hostetler@gmail.com

Class will start and end promptly—please be set up and ready to begin class on time.

Your payment is your commitment to your class and to the instructor. The class may be postponed or refund issued IF a minimum enrollment is not met. You must give a 3-day notice to transfer the fee to another class. Students must have basic knowledge of their own sewing machine, including how to operate and thread your own machine. **Please note:** Neither your instructor or Pins & Needles can be responsible for forgotten supplies and/or equipment. Please be sure to have all of your supplies properly labeled.

Supplies to bring when using a store machine

Please note: The instructor needs time to set up for class. You are welcome to be early, but kindly get set up and save questions for class time.

√ Check off list

- **Accessories, all feet & other parts needed for class, including foot pedal and power cord** (we supply the “heavy” part, you must bring everything else)
- Book-Instruction and Reference Guide
