Jan's Jabber:

I hope you are all busy sewing; if not, listen up! A lot goes on at Pins and Needles that isn't sewing. One gal wanted to make a t-shirt quilt but was anxious about taking the class, so her girlfriend joined her for support. She finished the quilt, gifted it to her grandson, and he absolutely loved it! Here I see a grandson helping out his grandma to get her inspired again.

Another girl came to Sew Social just to get out of the house! She said it seemed like a lot of work to get up, dressed, and drive to our store, but in the end, she was so happy she did. She went back home and started a new project. Maybe she was inspired by a new technique we showed? Or a project she saw during Sew-and-Tell. Either way, it doesn't matter what got her going, just that she keeps learning and creating.

Sewing keeps us healthy.

Happy Sewing!
